## The Fairytale-Path

The Fairytale-Path is a fairyland that is different. It is suitable for children between 2 and 12 years old. It comprises a 2 km countryside path in beautiful and quiet Sörmland with little red cottages that depict the interior of fairytales like The Sleeping Beauty's castle, Granny's cottage with Little Red Riding-Hood, the Exchange of Jobs, The Princess and the Pea, The Thumbhole, Three Bears, the He-Goats Bruse, the Dwarf with Snowwhite and Rosered, the dwellings of the Trolls, Snowwhite and the seven Dwarves, Mum's little Olle, the Emperor's New Clothes, Hansel and Gretel and Santa's workshop.

After that you'll find the playground area with a big wheel, an inflated castle to jump in, merry-go-rounds and a rail with inspection trolleys etc. Close to the playground area you will find our Café with homemade bread, icecream and sodas. During the summer holidays we can also offer pony-riding, the domestic animals of the farm and other events. We can also arrange children's parties in accordance with your wishes. These have to be booked a few days in advance.
